Building Resilient Infrastructure and Communities (BRIC)	FEMA	BRIC makes federal funds available to states, U.S territories, Indian tribal governments, and local communities for pre-disaster mitigation activities for long term independent solution to reduce risk of life and property from natural hazards. BRIC is a new FEMA pre-disaster hazard mitigation program that replaces the existing Pre-Disaster Mitigation (PDM) program.	\$500.0	25% matched funding requirement with some exceptions	Application deadline: January 29, 2021	Risk reduction	https://www.fema.gov/grants/mitigation/building-resilient-infrastructure-communities
Flood Mitigation Assistance (FMA)	FEMA	The FMA Program, FEMA's Hazard Mitigation Assistance Grants, is a competitive grant program that provides funding to states, local communities, federally recognized tribes and territories. Funds can be used for projects that reduce or eliminate the risk of repetitive flood damage to buildings insured by the National Flood Insurance Program.	\$160.0	25% matched funding requirement with some exceptions	Application deadline: January 29, 2021	Risk reduction	https://www.fema.gov/grants/mitigation/floods
Hazard Mitigation Grant Program (HMGP)	FEMA	The HMG program provides funding to state, local, tribal and territorial governments so they can rebuild in a way that reduces, or mitigates, future disaster losses in their communities. This grant funding is available after a presidentially declared disaster.		Program is focused on providing ad-hoc funds to individuals and governments.		Risk reduction	https://www.fema.gov/grants/mitigation/hazard-mitigation
2021 National Groundwater Monitoring Network	USGS	The USGS is offering a two-year cooperative agreement opportunity to state and local water resource agencies that collect groundwater data to participate in the National Ground-Water Monitoring Network. This funding opportunity is to support data providers for the National Ground-Water Monitoring Network.	\$1.8	No matched funding requirement	Application deadline: January 21, 2021	Groundwater	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329237
WaterSMART Cooperative Watershed Management Program Phase I	USBR	Through this FOA, Reclamation provides funding for projects that improve use of technology to increase water reliability consistent with section 4 of the October 19, 2018, Presidential Memorandum on Promoting the Reliable Supply and Delivery of Water in the West. The Cooperative Watershed Management Program (CWMP), Reclamation provides funding to watershed groups to encourage diverse stakeholders to form local solutions to address their water management needs. By providing this funding Reclamation promotes water reliability and cooperation between stakeholders to reduce conflict, facilitate solutions to complex water issues, and stretch limited water supplies.	\$2.0	No matched funding requirement	Application deadline: January 19, 2021	Integrated water management	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329878
Candidate Species Conservation Fund	FWS	The principle objective of this Candidate Species Conservation funding opportunity is to accomplish conservation tasks for high priority candidate species (based on our annual Candidate Species Assessments) or other at-risk species in the United States, such that identified threats to the species may be reduced or eliminated. These efforts are based on cooperative relationships with states, non-governmental organizations, private landowners and those interested in habitat restoration or undertaking candidate and at-risk species research, surveys and monitoring, or educational outreach efforts.	\$0.5	No matched funding requirement	Application deadline: September 30, 2021	Ecosystem restoration	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329585

Bay-Delta Restoration Program: CALFED Water Use Efficiency Grants for Fiscal Years 2021 and 2022	USBR	The Bay-Delta Restoration Program includes strategies to address ecosystem health, water supply reliability, and water quality. Water use efficiency is a critical element in the successful implementation of the Bay-Delta Restoration Program. The goals (objectives) of the CALFED Bay-Delta Program include, but are not limited to: Goal 1: Reduce existing irrecoverable losses, increasing the overall volume of available water; Goal 2: Achieve multiple state-wide benefits; Goal 3: Preserve local flexibility; and Goal 4: Build on existing water use efficiency programs. Reclamation is posting a Notice of Funding Opportunity (NOFO) for cost-share funding for water use efficiency and conservation activities. To be eligible for financial assistance, a proposed activity must have a defined relationship to the California Bay-Delta. Through this NOFO, Reclamation provides funding for projects that increase water reliability and improve water management, including the use of expanded technologies and improved capabilities consistent with the goals of the October 19, 2018, Presidential Memorandum on Promoting the Reliable Supply and Delivery of Water in the West.	\$1.0	50% matched funding requirement	Application deadlines: January 18, 2021 for FY 2021 and November 30, 2021 for FY 2022	Integrated water management	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329882
Fiscal Year 2020 – Fiscal Year 2021 Tribal Wetland Program Development Grants	EPA	Wetland Program Development Grants (WPDGs) assist state, tribal, local government (S/T/LG) agencies and interstate/intertribal entities in developing or refining state/tribal/local programs which protect, manage, and restore wetlands. The primary focus of these grants is to develop/refine tribal wetland programs. In this Request for Applications (RFA) the U.S. Environmental Protection Agency is soliciting applications from eligible applicants to develop or refine tribal wetland programs. Tribes and intertribal consortia are eligible to apply under this announcement. Non-profit organizations, states, and interstate organizations are not eligible to compete under this RFA.	\$3.1	25% matched funding requirement	Application deadline: January 15, 2021	Ecosystem restoration	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329698
Fiscal Year 2020 and Fiscal Year 2021 National Wetland Program Development Grants	EPA	The U.S. Environmental Protection Agency (EPA) is soliciting applications from eligible applicants for projects that develop or refine state, tribal, or local government wetland programs as a whole, or individual components of those programs. Applications for projects submitted under this announcement for Wetland Program Development Grants (WPDGs) must address the National Priority Area (EPA's Core Elements Framework).	\$0.7	25% matched funding requirement	Application deadline: January 12, 2021	Ecosystem restoration	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329641
