Sustainable Groundwater Management (SGM) Grant Program's Proposition 68 Implementation Round 1	DWR	Financial help with implementing SGMA projects. Round 1 funding for COD basins only. One application allowed per basin.	\$26.0	25% local cost share with some exceptions	Application deadline: January 8, 2021	Groundwater	https://www.grants.ca.gov/grants/sustainable-groundwater-management-sgm-grant-programs-proposition-68-implementation-round-1/
Sustainable Groundwater Management (SGM) Grant Program's Proposition 68 Implementation Round 2	DWR	Financial help with implementing SGMA projects. Round 2 opens up for medium and high-priority (including COD) basins. One application allowed per basin. \$15M (of the total \$77M) will be available in Round 2 for projects that are within and solely benefit an underrepresented community.	\$77.0	25% local cost share with some exceptions	Anticipated open date: Spring 2022	Groundwater	https://www.grants.ca.gov/grants/sustainable-groundwater-management-sgm-grant-programs-proposition-68-implementation-round-2/
2020 Pacific Flyway Conservation Proposal Solicitation Notice	Wildlife Conservation Board	The Wildlife Conservation Board (WCB) is inviting grant proposals for multi-benefit climate adaptation and resiliency projects that protect, restore or enhance migratory bird habitat associated with the Pacific Flyway. These projects should seek to protect, restore or enhance migratory bird habitat, improve migratory bird habitat diversity, quality and connectivity, or improve management and ecological function of migratory bird habitat.	\$12.0	No matched funding requirement	Application deadline: December 16, 2020	Ecosystem restoration	https://www.grants.ca.gov/grants/2020-pacific-flyway-conservation-proposal-solicitation-notice-2/
California Farmland Conservancy Program	Department of Conservation	The Program seeks to encourage the long-term, private stewardship of agricultural lands through planning and the voluntary use of agricultural conservation easements. The CFCP provides grant funding for easement and planning projects that support agricultural land conservation statewide.	\$7.0	5% matched funding requirement	Application deadline: March 15, 2021	Agriculture	https://www.grants.ca.gov/grants/california-farmland-conservancy-program/
Ecosystem Restoration and Water Quality Grant Program – Proposition 1	Sacramento-San Joaquin Delta Conservancy	The Conservancy will fund projects that address at least one of the following priorities: 1) ecosystem protection, restoration, and enhancement; 2) water quality; and 3) water-related agricultural sustainability.	\$2.1	No matched funding requirement	Application deadline: December 31, 2021	Ecosystem restoration	https://www.grants.ca.gov/grants/ecosystem-restoration-and-water-quality-grant-program-proposition-1-2/
Forest and Watershed Health Directed Grants Program	Sierra Nevada Conservancy	To be considered for funding, projects must fall within at least one (or more) of the focus areas: Implementation of prescribed fire to improve watershed health. Project tasks may include pre-burning treatment and site preparation but must also implement prescribed fire on the landscape. Projects that include only planning for prescribed fire or conduct pre-burning site treatments will not be eligible for funding. Large-landscape planning projects for forest health which demonstrate multiple watershed and ecosystem benefits. These projects must complete project planning on a minimum of 10,000 acres. At the close of the planning project, all environmental compliance must be complete. Implementation of forest health planning projects for which SNC previously funded the planning phase. Projects that connect and serve underserved partners. Strategic partners that have received no more than one SNC grant since the start of the WIP Forest Health Program (in FY 2015-2016 with funding from Proposition 1) will be eligible for grants to support planning or implementation of multi-benefit forest and watershed health projects.	\$3.0	No matched funding requirement	Ongoing application period. Expected award date: March 2021.	Ecosystem restoration	https://www.grants.ca.gov/grants/forest-and-watershed-health-directed-grants-program/

Fund Name	Funding Agency	Description	Estimated Amount (\$M)	Cost Share	Deadline	Water Management Category	Reference
Habitat Enhancement and Restoration Program	Wildlife Conservation Board	Eligible projects include: native fisheries restoration; restoration of wetlands; restoration of coastal, tidal, or fresh water habitat; other native habitat restoration projects including coastal scrub oak, grasslands, and threatened and endangered species habitats; in-stream restoration projects, including removal of fish passage barriers and other obstructions; and other projects that improve the quality of native habitat throughout the State.	\$1.0	No matched funding requirement	Continuous	Ecosystem restoration	https://www.grants.ca.gov/grants/habitat-enhancement-and-restoration-program/
California Riparian Habitat Conservation Program	Wildlife Conservation Board	Projects should include, but are not limited to: Restoration of riparian vegetation and re-establishing floodplain connectivity. Removal and control of non-native invasive plant species to restore (actively or passively) native riparian vegetation. Installation of fencing along the riparian corridor to manage livestock or wildlife and reduce impacts to streams or riparian vegetation. Reconfigure degraded, incised, or undefined streams to restore natural hydrology and encourage reestablishment of native riparian habitat.	\$3.0	No matched funding requirement	Continuous	Ecosystem restoration	https://www.grants.ca.gov/grants/california-riparian-habitat-conservation-program/
Inland Wetlands Conservation Program	Wildlife Conservation Board	The Inland Wetlands Conservation Program (IWCP) was created to assist the Central Valley Joint Venture (CVJV) in its mission is to protect, restore, and enhance wetlands and associated habitats. The CVJV, a partnership of twenty two public and private organizations and agencies, has identified through its Implementation Plan, specific goals to increase migratory bird populations.	\$3.0	No matched funding requirement	Continuous	Ecosystem restoration	https://www.grants.ca.gov/grants/inland-wetlands-conservation-program/
Floodplain Management Protection and Risk Awareness Program	DWR	The Program supports local agency efforts to prepare for flooding events by providing financial assistance for flood risk reduction activities related to stormwater, mudslide, and other flash flood related protections. This Program will incorporate an increased focus on economically disadvantaged community assistance and multi-benefit project features.	\$25.0	25% matched funding requirement with some exceptions	Anticipated open date: Summer 2021	Risk reduction	https://www.grants.ca.gov/grants/floodplain-management-protection-and-risk-awareness-program-2/
Community and Economic Enhancement Grant Program – Proposition 68	Sacramento-San Joaquin Delta Conservancy	This non-competitive grant program focuses on increasing public access to the Delta through recreation and tourism opportunities, historic and cultural preservation, and environmental education in order to promote a robust Delta economy.	\$8.7	No matched funding requirement	Ongoing	Social/community resilience	https://www.grants.ca.gov/grants/community-and-economic-enhancement-grant-program-proposition-68/
Resilient Sierra Nevada Communities Directed Grant Program	Sierra Nevada Conservancy	The Program is a multi-disciplinary grant program that will provide resources for capacity building and technical support to local agencies, organizations, and tribes. These funds can be used to design, manage, and implement projects that will increase community resiliency against, and recovery from, natural disasters and ecological and economic challenges.	\$1.0	No matched funding requirement	Ongoing application period. Expected award date: March 2021.	Social/community resilience	https://www.grants.ca.gov/grants/resilient-sierra-nevada-communities-directed-grant-program/
