

USJR RFMP Federal Funding Opportunities

Fund Name	Funding Agency	Description	Estimated Amount (\$M)	Cost Share	Deadline	Water Management Category	Reference
NAWCA 2022-2 US Standard Grants	FWS	The U.S. Standard Grants Program is a competitive, matching grant program that supports public-private partnerships carrying out projects in the United States that further the goals of the North American Wetlands Conservation Act. Projects must involve only long-term protection, restoration, enhancement and/or establishment of wetland and associated upland habitats to benefit migratory birds.	\$50.0	50% cost sharing	Application deadline: July 9, 2021	Ecosystem restoration	https://www.grants.gov/web/grants/view-opportunity.html?oppld=333250
Land and Water Conservation Fund Outdoor Recreation Legacy Partnership (ORLP) Program	NPS	The goal of the ORLP Program is to provide new or significantly improve recreation opportunities for economically-disadvantaged communities in larger urbanized areas (as designated by the Census Bureau) that are under-served in terms of parks and other outdoor recreation resources.	\$150.0	50% cost sharing	Application deadline: September 24, 2021	Social/community resilience	https://www.grants.gov/web/grants/view-opportunity.html?oppld=333434
Partners for Fish and Wildlife	FWS	The Partners for Fish and Wildlife (PFW) Program is a voluntary, incentive-based program that provides direct technical assistance and financial assistance in the form of cooperative and grant agreements to private landowners to restore and conserve fish and wildlife habitat for the benefit of federal trust resources. The PFW Program is delivered through more than 250 full-time staff, active in all 50 States and territories. Partners for Fish and Wildlife Program staff coordinate with project partners, stakeholders and other Service programs to identify geographic focus areas and develop habitat conservation priorities within these focus areas. Award ceiling of \$750K.	\$57.0	No matched funding requirement	Application deadline: September 30, 2021	Ecosystem restoration	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329747
Candidate Species Conservation Fund	FWS	The principle objective of this Candidate Species Conservation funding opportunity is to accomplish conservation tasks for high priority candidate species (based on our annual Candidate Species Assessments) or other at-risk species in the United States, such that identified threats to the species may be reduced or eliminated. These efforts are based on cooperative relationships with states, non-governmental organizations, private landowners and those interested in habitat restoration or undertaking candidate and at-risk species research, surveys and monitoring, or educational outreach efforts.	\$0.5	No matched funding requirement	Application deadline: September 30, 2021	Ecosystem restoration	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329585

Fund Name	Funding Agency	Description	Estimated Amount (\$M)	Cost Share	Deadline	Water Management Category	Reference
Bay-Delta Restoration Program: CALFED Water Use Efficiency Grants for Fiscal Years 2021 and 2022	USBR	The Bay-Delta Restoration Program includes strategies to address ecosystem health, water supply reliability, and water quality. Water use efficiency is a critical element in the successful implementation of the Bay-Delta Restoration Program. The goals (objectives) of the CALFED Bay-Delta Program include, but are not limited to: Goal 1: Reduce existing irrecoverable losses, increasing the overall volume of available water; Goal 2: Achieve multiple state-wide benefits; Goal 3: Preserve local flexibility; and Goal 4: Build on existing water use efficiency programs. Reclamation is posting a Notice of Funding Opportunity (NOFO) for cost-share funding for water use efficiency and conservation activities. To be eligible for financial assistance, a proposed activity must have a defined relationship to the California Bay-Delta. Through this NOFO, Reclamation provides funding for projects that increase water reliability and improve water management, including the use of expanded technologies and improved capabilities consistent with the goals of the October 19, 2018, Presidential Memorandum on Promoting the Reliable Supply and Delivery of Water in the West.	\$1.0	At least 50% matched funding requirement	Application deadlines: November 30, 2021 for FY 2022	Integrated water management	https://www.grants.gov/web/grants/view-opportunity.html?oppld=329882
2021 National Fish Passage Program	FWS	The National Fish Passage Program (NFPP) is a voluntary program that provides direct technical and financial assistance to partners. The program works in partnership to provide fish (and other aquatic organisms) passage and restore aquatic connectivity for the benefit of Federal trust resources. In doing so, the program aims to maintain or increase fish populations in order to improve ecosystem resiliency and to provide quality fishing experiences for the American people. Activities that restore fish passage also support the modernization of country's infrastructure such as road culverts, bridges, and water diversions. Example project types include dam removals, culvert replacements, and the installation of fishways.	\$15.3	50% cost sharing	Application deadline: December 31, 2021	Ecosystem restoration	https://www.grants.gov/web/grants/view-opportunity.html?oppld=332399
Regional Conservation Partnership Program (RCPP)	NRCS	The Regional Conservation Partnership Program (RCPP) promotes coordination of NRCS conservation activities with partners that offer value-added contributions to expand our collective ability to address on-farm, watershed, and regional natural resource concerns. Through RCPP, NRCS seeks to co-invest with partners to implement projects that demonstrate innovative solutions to conservation challenges and provide measurable improvements and outcomes tied to the resource concerns they seek to address.	TBD	TBD	The next RCPP funding announcement is scheduled for release in summer 2021.	Agriculture	https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/rcpp/
Hazard Mitigation Grant Program (HMGP)	FEMA	The HMG program provides funding to state, local, tribal and territorial governments so they can rebuild in a way that reduces, or mitigates, future disaster losses in their communities. This grant funding is available after a presidentially declared disaster.	Program is focused on providing ad-hoc funds to individuals and governments.	25% but can vary		Risk reduction	https://www.fema.gov/grants/mitigation/hazard-mitigation
