

USJR RFMP State Funding Opportunities

Fund Name	Funding Agency	Description	Estimated Amount (\$M)	Cost Share	Deadline	Water Management Category	Reference
2021 Hazard Mitigation Grant Program (HMGP)	Cal OES	<p>This opportunity provides funding for communities to implement mitigation activities to reduce risk to life and property from natural hazards. In CA, natural hazards include wildfire, earthquake, drought, extreme weather, flooding, and other impacts of climate change. HMGP funding can also support the development of Local Hazard Mitigation Plans (LHMP) and project scoping activities.</p> <p>Projects must be eligible, feasible, and cost effective per FEMA’s Hazard Mitigation Assistance Guidance. Projects must be stand alone activities that will reduce risk as their primary benefit, but Cal OES strongly encourages the submission of projects that achieve multiple benefits.</p>	\$428.0	25% local cost share with some exceptions	Application deadline: April 8, 2022	Risk reduction	https://www.caloes.ca.gov/cal-oes-divisions/recovery/disaster-mitigation-technical-support/404-hazard-mitigation-grant-program
Urban Streams Restoration Program	DWR	<p>The Urban Streams Restoration Program (USRP), established by Water Code section 7048 which declared that urban creek protection, restoration, and enhancement are best undertaken by local agencies and organizations with assistance from the State. The USRP funds projects and provides technical assistance to restore streams impacted by urban development to a more natural state.</p>	\$10.8	20% local cost share with exceptions	Anticipated open date: March 2022	Ecosystem restoration	https://www.grants.ca.gov/grants/urban-streams-restoration-program/
Riverine Stewardship Program	DWR	<p>The RSP supports fish passage improvements & similar projects that increase ecological, stream management, climate, and community improvement benefits. Program goals include protecting, restoring, and enhancing the natural environment of riparian systems. RSP supports innovations in green infrastructure to provide habitat enhancements that benefit aquatic species and fish migration & help wildlife endure drought and adapt to climate change.</p>	\$6.5	No matched funding requirement	Anticipated open date: March 2022	Ecosystem restoration	https://www.grants.ca.gov/grants/riverine-stewardship-program/
San Joaquin Fish Population Enhancement Program	DWR	<p>The SJFPEP funds projects to:</p> <ul style="list-style-type: none"> -Enhance native fish populations in the lower San Joaquin River watershed. -Reduce the vulnerability of native fishes to water diversions, predation, and other impacts to their populations at all life stages within or upstream of the Delta. <p>SJFPEP projects improve conditions for the survival of various life stages of salmonids and other native fishes in the lower San Joaquin River watershed.</p>	\$20.0	No matched funding requirement	Anticipated open date: Spring 2022	Ecosystem restoration	https://www.grants.ca.gov/grants/san-joaquin-fish-population-enhancement-program/

Fund Name	Funding Agency	Description	Estimated Amount (\$M)	Cost Share	Deadline	Water Management Category	Reference
Proposition 1 – Round 2 Integrated Regional Water Management (IRWM) Implementation Grant Program	DWR	The IRWM Grant Program is designed to encourage integrated regional strategies for water resource management in California by providing funding for projects and programs throughout the state including climate change adaptation, providing incentives for collaboration and setting priorities in water resource and infrastructure management, and improving regional water self-reliance while reducing reliance on Sacramento-San Joaquin Delta.	\$192.0	50% local cost share with exceptions	Anticipated open date: Spring 2022	Integrated water management	https://www.grants.ca.gov/grants/proposition-1-round-2-integrated-regional-water-management-irwm-implementation-grant-program/
Sustainable Groundwater Management (SGM) Grant Program’s Proposition 68 Implementation Round 2	DWR	Financial help with implementing SGMA projects. Round 2 opens up for medium and high-priority (including COD) basins. One application allowed per basin. \$15M (of the total \$77M) will be available in Round 2 for projects that are within and solely benefit an underrepresented community.	\$77.0	25% local cost share with some exceptions	Anticipated open date: September 2022	Groundwater	https://water.ca.gov/Work-With-Us/Grants-And-Loans/Sustainable-Groundwater
Water Recycling Funding Program – Construction	SWRCB	Eligible projects include construction of recycled water treatment facilities, storage facilities, pumping facilities, groundwater recharge facilities, and recycled water distribution systems, including onsite improvements. Eligible costs for grant are limited to construction only.	\$5.0	50% matched funding requirement with exceptions	Ongoing	Groundwater	https://www.grants.ca.gov/grants/water-recycling-funding-program-construction-grant/
404 Hazard Mitigation Grant Program	Governor's Office of Emergency Services	Hazard Mitigation Grant Program (HMGP) funds plans and projects that reduce the effects of future natural disasters. In California, these funds are administered by the Cal OES HMGP Unit. Eligible subapplicants include state agencies, local governments, special districts, and some private non-profits.	\$0.5	25% matched funding requirement	Ongoing	Risk reduction	https://www.grants.ca.gov/grants/404-hazard-mitigation-grant-program/
Habitat Enhancement and Restoration Program	Wildlife Conservation Board	Eligible projects include: native fisheries restoration; restoration of wetlands; restoration of coastal, tidal, or fresh water habitat; other native habitat restoration projects including coastal scrub oak, grasslands, and threatened and endangered species habitats; in-stream restoration projects, including removal of fish passage barriers and other obstructions; and other projects that improve the quality of native habitat throughout the State.	\$1.0	No matched funding requirement	Continuous	Ecosystem restoration	https://www.grants.ca.gov/grants/habitat-enhancement-and-restoration-program/
Inland Wetlands Conservation Program	Wildlife Conservation Board	The Inland Wetlands Conservation Program (IWCP) was created to assist the Central Valley Joint Venture (CVJV) in its mission is to protect, restore, and enhance wetlands and associated habitats. The CVJV, a partnership of twenty two public and private organizations and agencies, has identified through its Implementation Plan, specific goals to increase migratory bird populations.	\$3.0	No matched funding requirement	Continuous	Ecosystem restoration	https://www.grants.ca.gov/grants/inland-wetlands-conservation-program/
Community and Economic Enhancement Grant Program – Proposition 68	Sacramento-San Joaquin Delta Conservancy	This non-competitive grant program focuses on increasing public access to the Delta through recreation and tourism opportunities, historic and cultural preservation, and environmental education in order to promote a robust Delta economy.	\$8.7	No matched funding requirement	Ongoing	Social/community resilience	https://www.grants.ca.gov/grants/community-and-economic-enhancement-grant-program-proposition-68/

Fund Name	Funding Agency	Description	Estimated Amount (\$M)	Cost Share	Deadline	Water Management Category	Reference
Regional Conservation Investment Strategies (RCIS)	Wildlife Conservation Board	<p>WCB is seeking high-quality grant proposals for the development of RCIS's. CDFW's RCIS program encourages public agencies to develop regional conservation planning documents using the best available science to identify regional conservation priorities and other actions to help California's species populations that may be vulnerable or declining by protecting, restoring, creating, and reconnecting their habitats. A Regional Conservation Investment Strategy (RCIS) is a voluntary, non-regulatory document that provides guidance on actions that, if implemented, would result in effective regional conservation. Any public agency may propose an RCIS that is developed in consultation with local agencies that have land use authority within the RCIS area.</p>	\$3.0	No matched funding requirement	Ongoing	Ecosystem restoration	https://www.grants.ca.gov/grants/regional-conservation-investment-strategies-rcis/
Infrastructure State Revolving Fund (ISRF) Program (Loan)	Infrastructure and Economic Development Bank (IBank)	<p>The ISRF Program provides financing to public agencies and non-profit corporations, sponsored by public agencies, for a wide variety of infrastructure and economic development projects (excluding housing). ISRF Program funding is available in amounts ranging from \$50,000 to \$25 million with loan terms for the useful life of the project up to a maximum of 30 years.</p> <p>Eligible Projects Include, but are not limited to: City streets, County highways, State highways, Drainage, water supply and flood control, Educational, cultural and social facilities, Environmental mitigation measures, Goods movement-related infrastructure, Parks and recreational facilities, Port facilities, public transit, Power and communications facilities, Public Transit, Sewage collection and treatment, Solid waste collection and disposal, Water treatment and distribution, Defense conversion, Public safety facilities, Military infrastructure, Industrial, utility and commercial.</p>	\$100.0	No matched funding requirement	Continuous	Social/community resilience	https://www.grants.ca.gov/grants/infrastructure-state-revolving-fund-isrf-program/
