

USJR RFMP Federal Funding Opportunities - 3/28/23

Fund Name	Funding Agency	Description	Estimated Amount (\$M)	Cost Share	Cost Share Details	Deadline	Water Management Category	Reference
Safeguarding Tomorrow through Ongoing Risk Mitigation (STORM) Revolving Loan Fund Program	FEMA	<i>NOTE: This loan is only available for states, eligible federally recognized tribes, Puerto Rico and District of Columbia.</i> The passage of the Safeguarding Tomorrow through Ongoing Risk Mitigation (STORM) Act on Jan. 1, 2021 authorized FEMA to provide capitalization grants to states, eligible federally recognized tribes, Puerto Rico and District of Columbia to establish revolving loan funds that provide hazard mitigation assistance for local governments to reduce risks from natural hazards and disasters.	\$50.0			Application deadline: April 28, 2023	Risk reduction	<a href="https://www.grants.gov/web/grants/view-opportunity.html?oppld=3450">https://www.grants.gov/web/grants/view-opportunity.html?oppld=3450</a>
IRA Bureau of Land Management Headquarters (HQ) Aquatic Resource Management	Bureau of Land	The Bureau of Land Management's Headquarters (HQ) National Aquatic Resources Program conserves and restores riparian and wetland areas, aquatic habitats, and water resources (hereafter referred to as aquatic resources) to provide resource values and ecosystem services necessary to achieve the BLM's multiple use mandate. The agency's aquatic resources and issues are diverse and include watersheds; riverscapes; riparian-wetland systems; springs, streams, rivers, and groundwater; ponds and lakes; fisheries; water quality; water rights and uses; and aquatic invasive species. These systems also support myriad species of plants, fish, and wildlife; provide ecosystem services such as drinking water, pollination, and nutrient cycling; attenuate wildfires, floods, and drought; and are key to the vitality of local economies and communities.	\$10 per award	No matched funding requirement		Application deadline: May 16, 2023	Ecosystem Restoration	<a href="https://www.grants.gov/web/grants/view-opportunity.html?oppld=346948">https://www.grants.gov/web/grants/view-opportunity.html?oppld=346948</a>
Refuges Enhancement/Infrastructure	FWS	Successful projects will be related to identified FWS priorities or infrastructure projects at national wildlife refuges that enhance the visitor experience, promote wildlife-dependent outdoor recreation, provide sustainable wildlife habitat, provide career training and mentoring opportunities, and engage the community in opportunities to participate in wildlife-dependent outdoor recreation on FWS lands and waters.	\$5 per award	50% non-federal matched funding requirement		Application deadline: September 15, 2023	Ecosystem restoration	<a href="https://www.grants.gov/web/grants/view-opportunity.html">https://www.grants.gov/web/grants/view-opportunity.html</a>
National Fish Passage Program Base Funding Fiscal Year 2023	FWS	The National Fish Passage Program (NFPP) is a voluntary program that provides direct technical and financial assistance to partners to remove instream barriers and restore aquatic organism passage and aquatic connectivity for the benefit of Federal trust resources. In doing so, NFPP aims to maintain or increase fish populations to improve ecosystem resiliency and provide quality fishing experiences for the American people. Activities that restore fish passage also support the modernization of the country's infrastructure such as road culverts, bridges, and water diversions contributing to enhanced community resilience to the impacts from climate change and other public safety hazards. NFPP funds a variety of project types including, but not limited to, dam removals, culvert replacements, floodplain restoration, and the installation of fishways.	\$2M per award	No matched funding requirement		Application deadline: December 31, 2023	Ecosystem Restoration	<a href="https://www.grants.gov/web/grants/view-opportunity.html?oppld=345976">https://www.grants.gov/web/grants/view-opportunity.html?oppld=345976</a>
Emergency Watershed Protection (EWP) Program	NRCS	The EWP Program allows communities to quickly protect infrastructure and land from additional flooding and soil erosion. EWP does not require a disaster declaration by federal or state government officials for program assistance to begin. The NRCS State Conservationist can declare a local watershed emergency and initiate EWP program assistance in cooperation with an eligible sponsor. NRCS will not provide funding for activities undertaken by a sponsor prior to the signing of a cooperative agreement between NRCS and the sponsor. NRCS offers financial and technical assistance for various activities under EWP Program, including: Remove debris from stream channels, road culverts and bridges; reshape and protect eroded streambanks; correct damaged or destroyed drainage facilities; establish vegetative cover on critically eroding lands; repair levees and structures; repair certain conservation practices, and purchase floodplain easements		Installation/Construction: 25% matched funding requirement  Engineering/Technical Assistance: no matched funding requirement	10% matching fund requirement for	Ongoing	Risk reduction	<a href="https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/landscape/ewpp/">https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/landscape/ewpp/</a>
Hazard Mitigation Grant Program (HMGP) - see State opportunity via CalOES	FEMA	The HMG program provides funding to state, local, tribal and territorial governments so they can rebuild in a way that reduces, or mitigates, future disaster losses in their communities. This grant funding is available after a presidentially declared disaster.	g ad-hoc funds t	25% but can vary	FEMA will provide 100% federal fund	Ongoing	Risk reduction	<a href="https://www.fema.gov/grants/mitigation/hazard-mitigation">https://www.fema.gov/grants/mitigation/hazard-mitigation</a>
